# **Your Commitment**

#### **TOGETHER WE CAN MAKE A DIFFERENCE**

Thank you for sharing your commitment towards achieving the outcomes of the 'Ocean Acidification Research for Sustainability' (OARS) UN Ocean Decade programme, designed to address the Sustainable Development Goal target 14.3 to 'minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels'.

Only if we all rally together will we be able to achieve the SDG target 14.3 to reduce the impacts of ocean acidification.

Your commitment plays an important part towards achieving the <u>OARS outcomes</u> and we would be delighted if we could highlight your commitment, such as through social media, in our newsletter or in presentations. You can indicate your preferences further down below and please contact us at <u>secretariat@oars-programme.org</u> should you have any questions or suggestions.

If you have multiple commitments, then we would be grateful if you could submit these on separate forms. For any support in completing the forms please contact <a href="mailto:secretariat@oars-programme.org">secretariat@oars-programme.org</a>.
